

CALL FOR PAPERS

The **International Roundtable on Auto Recycling (IRT)** brings together the leading international automotive recycler associations, industry officials, guest speakers and local auto recyclers to discuss the global auto recycling industry.

Previous IRT's in Brussels, Las Vegas, Tokyo, Coffs Harbour, Quebec City, Liverpool, Phoenix, Kushiro, Malacca City, and Niagara Falls have been a catalyst for the global recyclers to share information about emerging technical and regulatory trends, business opportunities, and to showcase local and industry best practices.

Held every 18 months the IRT brings the peak national associations to discuss the ever-changing world of auto recycling.

The next IRT is scheduled for 2-4 May 2019 in Norfolk, England.

Topics will include

- Country reports and updates
- Safety aspects of collection and recycling of electric vehicles (cars, trucks, buses, bikes) and the recycling of high voltage components from these vehicles.
- Benefits of the circular economy for car manufacturers and recyclers
- Country reports and updates
- Autonomous driving vehicles and their impact on vehicle recycling
- Next generation recycling processes and equipment and innovations in dismantling, shredding and sorting
- How to recycle new materials used in future cars.

Exhibition

The exhibition area offers the chance to network and forge great relationships and promote your products to all delegates. All providers of equipment, software, services and training to the vehicle recycling industry are welcome in the exhibition.

Highlights of IRT 2019 will include:

Site visits to local vehicle recyclers

Tour of Lotus factory

Afternoon tea on a heritage steam

Norwich is a cathedral city in Norfolk, England. Situated on the River Wensum in East Anglia, it lies approximately 100 miles (161 km) north-east of London. It is the county town of Norfolk and is considered the capital of East Anglia.
