

### **SYNETIQ invests in new 11-acre Glasgow site**

SYNETIQ has successfully begun relocating to its new Glasgow site, marking further investment in its vehicle processing capacity.

The new Torrance premises is significantly larger than the outgoing Alexandria location and retains Julie Hubbard as Manager. The site has extensive concrete storage areas, large workshops, storage and office areas, meaning its suitable for many client services - including salvage, vehicle recycling, green parts and mechanical solutions.

The move is the next step in a strategic 5-year growth plan, where the business invests in new sites to strengthen its total UK coverage. So far this year, SYNETIQ has also opened two others - in Aldershot and in South London, the latter being the first of its kind in the industry.

SYNETIQ Torrance has plenty of space for further growth; an important consideration when choosing the site. By reinforcing its strong presence in the North, SYNETIQ can deliver the best possible experience to its clients - including Insurers, Police forces nationwide.

The business is now increasing efficiency through standardised ways of working, with the same high standards of compliance, safety, and efficiency across all its locations.

SYNETIQ Ltd was created in March 2019, following the successful merger of four well established businesses.

As the largest UK owned salvage and vehicle recycling company, SYNETIQ creates intelligent solutions for some of the countries' leading insurers, fleets and police forces. SYNETIQ are trusted to process vehicles through auctions, green parts, and recycling processes and is also a provider of software and VRM data solutions.

SYNETIQ has seen significant growth since the merger and is now pushing raising industry standards in compliance, innovation, value and customer experience. In

November 2019, SYNETIQ acquired Motorman, a St Albans-based mechanical services provider.

Headquartered in Doncaster, SYNETIQ has over 590 employees at locations across England and Scotland.
